DOH TO HOST GROUNDWATER WEBINAR SERIES IN JUNE

MEDIA ADVISORY

What: The Hawai'i Department of Health (DOH) invites the public to a four-session webinar series on groundwater basics, beginning June 6, 2025.

When: June 6, 13, 20, and 27, 2025, 11:30 a.m. – 12:00 p.m. HST

Where: Microsoft Teams

Who: DOH Hazard Evaluation and Emergency Response (HEER) Office

Details: Groundwater is a vital source of drinking water for communities across the islands. The series aims to deepen public understanding of groundwater science and its significance in Hawai'i.

Each webinar will include a live Q&A with DOH scientists, covering topics such as aquifer systems, groundwater flow, contaminant transport, and cleanup methods.

DOH Groundwater Basics Webinars:

- June 6: Groundwater and Its Importance as a Resource in Hawai'i
- June 13: Basics of Groundwater Flow
- June 20: Contaminant Transport in Groundwater
- June 27: Contaminant Plume and Aquifer Cleanup

How to Watch: To watch live, click on the [Microsoft Teams link listed on the webinar web page](#). No pre-registration is required.

Webinar recordings will be posted on the [DOH Hazard Evaluation and Emergency Response Office's YouTube page](#).
