## Proclamation

**WHEREAS**, ocean lifeguards are responsible for protecting the lives of more than one million Hawai'i residents and millions of visitors who visit and vacation in the Aloha State annually; and

**WHEREAS**, lifeguards protect beachgoers who surf, swim, bodysurf, snorkel, stand-up paddle board, fish, kayak, jet ski, and participate in other activities off the shores of our islands; and

**WHEREAS**, Hawai'i's lifeguards are the primary responders for ocean emergencies and are trained to provide first aid, assess and navigate hazardous ocean conditions, communicate with beachgoers, and act as calm and assertive leaders in emergency situations; and

**WHEREAS**, since the first hotels were built on the shores of Waikiki, lifeguards and experienced watermen and women have kept beachgoing visitors and tourists safe while sharing with them an appreciation for water activities; and

**WHEREAS**, the safety of our beachgoers has a direct impact on the tourism industry, our local economy, and the overall well-being of our state; and

**WHEREAS**, local keiki from every island have the opportunity to participate in the state's summer Junior Lifeguard Program where they learn about ocean currents, perform mock rescues, and gain a greater knowledge of and appreciation for local beaches;

Aloha Neurotrauma Program-

Mahalo for the funds in support of Hawaii Lifeguard Appreciation Week. The funds you provided made it possible to honor lifeguards from each county with beautiful lei, and to promote the week with large banners displayed in every county.

Attached are photos of some of the lifeguards wearing their lei, and of the banner that was created and will be displayed yearly. Michele Tong was instrumental in facilitating the creation, purchase and delivery of both the lei and banners, and we are delighted that she has joined the Committee.

On behalf of the Hawaii Drowning and Aquatic Injury Prevention Advisory Committee, thank you for your generous support and collaboration.

Aloha,

Ralph Goto
