RULES (CRITERIA)	PLAN OF CORRECTION	Completion Date
<input checked="" type="checkbox"/> §11-100.1-14 Food sanitation. (f) Toxic chemicals and cleaning agents, such as insecticides, fertilizers, bleaches and all other poisons, shall be properly labeled and securely stored apart from any food supplies. FINDINGS "Lysol," "WD40" and other miscellaneous cleaning supplies unsecured in garage. Toxic chemical cabinet lock defective and unable to secure.	<p style="text-align: center;">PART 1</p> <p style="text-align: center;"><u>DID YOU CORRECT THE DEFICIENCY?</u></p> <p style="text-align: center;">USE THIS SPACE TO TELL US HOW YOU CORRECTED THE DEFICIENCY</p> <p>During my inspection I did not notice that <u>lysol</u> & <u>WD40</u> were on top of the cabinet by the garage. So what I did I took all the toxic chemicals & the cleaning supplies and put it inside the cabinet where I kept all my chains and laundry soap and I tried to lock it but it's not working. So right after my husband came home in the afternoon I tried him to change the lock and put it in a secured place away from the cabinet.</p>	<p style="text-align: right;">02.12/1/21</p>

Also to make my lock-the cabinet after each use and put the key in a safe place. I also put a <u>Reminder Note</u> by our trustee the choice of the cabinet so people can see.</p>	<p style="text-align: right;">12/11/21 MS</p>
