The ointment was not being used not to treat, but only to prevent any skin breakage. When purchasing this over the counter ointment online like we do other moisturizers, it had not occurred to the caregivers that this ointment requires a doctor's prescription.</p> <p>After speaking with the DOH nurse consultant, our caregivers were educated about the need for a physician's prescription. Only one resident uses this ointment, spoke to resident's physician and had ointment added to residents medications for use "as needed".</p> <p>We will continue to monitor the other resident and should we feel they could benefit from using Calmoseptine, we will also ask their physician for an Rx order.</p>	<p>6-14-22</p> <p>22 OCT 20 PM 2:33</p>
