

**REPORT TO THE THIRTY-FIRST LEGISLATURE**

**STATE OF HAWAII  
2022**

**PURSUANT TO SECTION 333F-6  
HAWAII REVISED STATUTES**

**THE DEPARTMENT OF HEALTH SHALL REPORT ANNUALLY TO  
THE LEGISLATURE THE NUMBERS OF PERSONS WAITING FOR  
DEVELOPMENTAL DISABILITIES OR INTELLECTUAL DISABILITIES  
SERVICES AND SUPPORTS, AND SHALL PROVIDE THE REASONS  
FOR THE LACK OF SERVICES OR SUPPORTS**

**PREPARED BY:**

**STATE OF HAWAII  
DEPARTMENT OF HEALTH  
DECEMBER 2021**

## EXECUTIVE SUMMARY

Section 333F-6, Hawaii Revised Statutes, mandates the Hawaii State Department of Health (DOH), Developmental Disabilities Division (DDD) to annually report the number of individuals who are eligible but are on waitlists for DDD services, and the reasons why they are on waitlists (see Exhibit A). DOH-DDD respectfully reports that for fiscal year 2021 there were no persons waitlisted for DDD services.

DDD provides the following programs:

1. Medicaid Home and Community-Based Services (HCBS) for Individuals with Intellectual and Developmental Disabilities Waiver (I/DD Waiver) under the authority of Title XIX, Section 1915(c) of the Social Security Act;
2. Long Term Adult Supports and Resources (LASR), which provides state-funded services for individuals who qualify for DDD services, but are not included in the Medicaid Waiver;
3. Family Support Services Program (FSSP), which provides incidental support to families on a short-term basis; and
4. Crisis Services provided to both I/DD Waiver and non-I/DD Waiver participants of DDD.

**REPORT TO THE LEGISLATURE  
IN COMPLIANCE WITH CHAPTER 333F, SECTION 6,  
HAWAII REVISED STATUTES**

**Introduction**

The Hawaii State Department of Health, Developmental Disabilities Division (DDD) provides a system of supports and services for persons with intellectual or developmental disabilities (I/DD) who have substantial functional limitations in major life activities. The DDD statute is found in Chapter 333F, Hawaii Revised Statutes, "Services for Persons with Developmental or Intellectual Disabilities."

Section 333F-6(c), Hawaii Revised Statutes, (Exhibit A) requires the Department of Health's DDD to report waitlists of all individuals who are eligible for but have not yet been provided DDD services to the Legislature. During FY 2021, there were no persons on a waitlist for DDD services. Overall, 3,370 individuals received services through DDD during FY 2021.

The following are programs within DDD:

- Medicaid 1915(c) Home and Community-Based Services (HCBS) for Individuals with I/DD Waiver (also known as I/DD Waiver);
- Long Term Adult Supports and Resources (LASR);
- Family Support Services Program (FSSP); and
- Crisis Services.

**I/DD Waiver**

The I/DD Waiver is authorized under Title XIX, Section 1915(c) of the Social Security Act. This program permits states to provide an array of home and community-based services that assist Medicaid beneficiaries with intellectual and developmental disabilities to live in the community and avoid institutionalization.

The I/DD Waiver is operated by DDD on behalf of the Hawaii State Department of Human Services, Med-QUEST Division (MQD), the Hawaii State Medicaid agency, through a memorandum of agreement. I/DD Waiver services include: Adult Day Health, Community Learning Services, Personal Assistance/Habilitation, Residential Habilitation, Employment Services (Discovery and Career Planning, Individual Employments Supports), Respite, Chore, Private Duty Nursing, Additional Residential Supports, Non-Medical Transportation, Assistive Technology, Specialized Medical Equipment and Supplies, Environmental Accessibility Adaptations, Personal Emergency Response System, Vehicular Modifications, Training and Consultation, and Waiver Emergency Services (Crisis Mobile Outreach and Out-of-Home Stabilization). DDD participants have a choice to self-direct certain of these services under the Consumer Directed option.

As of June 30, 2021, there was no waitlist for the I/DD Waiver. A total of 2,982 individuals were served under the I/DD Waiver program for the reporting period (Fiscal Year 2021).

### **Long Term Adult Supports and Resources (LASR)**

LASR provides supports for individuals who are eligible for DDD services but are not currently receiving Medicaid services as part of the I/DD Waiver. The LASR Program assists individuals with I/DD and their families to increase independence and interdependence. The LASR program services include but are not limited to: discovery and career planning, volunteer work, senior activities (if applicable), competitive integrated employment opportunities, activities to increase skills necessary to perform typical daily activities, activities to increase and strengthen social roles, building communication skills with members of the community, developing friendships and relationships with community members, and practicing skills in activities of daily living.

There was no waitlist for the LASR program during FY 2021. There were 195 individuals served by the LASR program during this time period.

### **Family Support Service Program (FSSP)**

The FSSP is a state-funded program that supports individuals with I/DD living in their family homes by reimbursing families for services and supports, which may include adaptive equipment, chore services, limited modifications to the home, and training and educational services.

There was no waitlist for the FSSP program during FY 2021. There were 14 individuals served by the FSSP program.

### **Waiver Emergency Services**

Waiver Emergency Services (WES) are available to any individual receiving DDD services who require assistance during crises. There are two major services under WES which are out-of-home stabilization (OHS) and crisis mobile outreach (CMO). A total of 25 individuals received face-to-face WES services during FY 2021. There were a total of 83 crisis calls received, of which 45 resulted in CMO services by the contracted WES provider to assist the individual and/or caregiver face-to-face. A total of 11 individuals received OHS services.

During FY 2021, the WES provider trained 49 family members, caregivers, and provider staff. Training is specific to staff, family and caregivers who provide direct supports to the individuals receiving WES services. It follows the Training and Consultation (T&C) service model that is provided to each individual receiving services. Training is done during the duration of each individual's stay, during transition, and after discharge.

There was no waitlist for admission to the WES-OHS service during FY 2021.

## **EXHIBIT A: SECTION 333F-6, HAWAII REVISED STATUTES**

**§333F-6 Application and assessment for services; individualized service plans.** (a) The department shall administer an application and assessment system for persons with developmental or intellectual disabilities, and shall determine eligibility for services or supports within thirty working days of receipt of an application. If the department determines that the person is eligible for services or supports under this chapter within the limits of federal or state resources available for the purposes of this chapter, the department, after due consideration is afforded the preferences of the person with developmental or intellectual disabilities, the person's parents if a minor, or legal guardian, shall refer that person to appropriate programs within ten working days of the determination; an individualized service plan for the person shall be prepared by an interdisciplinary team for the person, and the department may provide case management services to the person.

(b) The procedure for assessment of the person and the elements of the individualized service plan shall be described in rules adopted by the department pursuant to chapter 91. The individualized service plan shall be in writing and shall include, at a minimum, the nature of the needs of the person, treatment and care goals, and specific services to be offered to the person to attain these goals.

(c) The department shall keep waiting lists of all individuals who are eligible for services and supports, but for whom services and supports have not been provided for any reason, and shall report annually to the legislature the numbers of persons waiting for services and supports and the reasons for the lack of services and supports.
