

REPORT TO THE THIRTY-SECOND LEGISLATURE

STATE OF HAWAII

2023

PURSUANT TO CHAPTERS 346-59.2(e), HAWAII REVISED STATUTES,
REQUIRING THE DEPARTMENT OF HEALTH TO REPORT TO THE
LEGISLATURE ON THE EXPENDITURE OF ALL FUNDS FOR THE
COMPREHENSIVE BREAST AND
CERVICAL CANCER CONTROL PROGRAM

PREPARED BY

STATE OF HAWAII
DEPARTMENT OF HEALTH,
CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION DIVISION
IN CONJUNCTION WITH
DEPARTMENT OF HUMAN SERVICES, MED-QUEST DIVISION

DECEMBER 2022

BACKGROUND

Act 52, Session Laws of Hawaii (SLH) 2008, amended Section 346-59.2, Hawaii Revised Statutes (HRS). The purpose of the Act was to reach more women who are eligible to be screened for breast and cervical cancers by:

1. Requiring the Department of Human Services (DHS) to collaborate with the Department of Health (DOH) to assist with breast and cervical cancer outreach, education, and screening; and
2. Transferring \$150,000.00 of underutilized treatment funds from the DHS to the DOH to support breast and cervical cancer outreach, education, and screening for fiscal year (FY) 2008-2009.

Act 52 also consolidated the DOH and DHS programs into a new Comprehensive Breast and Cervical Cancer Control Program.

The DOH, Breast and Cervical Cancer Control Program (BCCCP) provides critical screening and early detection services to high-risk, uninsured and underinsured women between the ages of 50-64. The program is entirely funded by Federal funds through a cooperative agreement with the Centers for Disease Control and Prevention (CDC). The program currently serves approximately 150 women per year through seven community-based, contracted providers across the State. BCCCP-enrolled women, diagnosed with qualifying precancerous conditions of the cervix or with breast or cervical cancer, may have their treatment covered by Federal or State treatment funds.

This program as described in Section 346-59.2, HRS was amended in 2001 to provide for a Breast and Cervical Cancer Treatment Program (BCCTP), administered by the DHS, Med-QUEST Division for women who are not eligible for Federally funded Medicaid coverage as provided by the Breast and Cervical Cancer Prevention and Treatment Act of 2000.

EXPENDITURE OF FUNDS

The DHS, Med-QUEST Division expended a total of \$34,341.58 in FY 2022 on breast and cervical cancer treatments, of which \$9,724.88 was from state general funds and \$24,616.70 was from federal funds. The amount of expenditures varies from quarter-to-quarter and from year-to-year, depending on the number and severity of medical cases.

The DOH, BCCCP received \$850,000.00 in federal funds from the CDC and expended a total of \$764,571.68 in FY 2022 on BCCCP services, which includes breast and cervical cancer screening and diagnostic procedures.
