

STATE OF HAWAII
DEPARTMENT OF HEALTH
DEPUTY DIRECTOR OF HEALTH
OFFICE OF PLANNING, POLICY, AND PROGRAM DEVELOPMENT
FUNCTIONAL STATEMENT

Directs the department's long range planning activities and coordinates the implementation of actions to accomplish the health planning and policy direction of the department; administers and coordinates the department's Health Insurance Portability and Accountability Act of 1996 (HIPAA) and other compliance activities; coordinates and processes legislative materials and administrative rule activities affecting the department; and monitors the effectiveness of the department's efforts to meet its stated mission, goals, and objectives, including public health accreditation and performance management. Provides general public health and research advice and assistance to programs and staff, including management of the department's Institutional Review Board.

Planning and Policy Staff

- Provides staff support for the development of a departmental functional plan, state health plan, and community health needs assessments.
- Prepares and presents reports on departmental plans, including long range plans and special studies, to the Director, the Legislature, other public and private agencies, and the general public.
- Provides project management and program development support for priority projects to the Director of Health and Deputy Director of Health.
- Provides technical advice and assistance to program managers on program-based planning activities.
- Provides technical advice and assistance to programs on performance management, affirmative action and Equal Employment Opportunities laws and guidelines, program evaluation, and public health accreditation.
- Oversees and coordinates general quality improvement, process improvement, and performance management activities for the department, providing technical support, evaluation services, and project management services.
- Develops departmental guidelines for long range planning activities, including convening and staffing the Board of Health and any other boards, commissions, or task forces on behalf of the Director of Health.
- Provides staff support, advice, and assistance to program managers in securing public input for the development of community-based departmental plans.
- Conducts special needs assessment studies in areas of health program and policy significance.
- Oversees departmental research activities and assure compliance with CFR Title 45, Part 46, Protection of Human Subjects, including convening and organizing the activities of the Institutional Review
