

STATE OF HAWAII
DEPARTMENT OF HEALTH
BEHAVIORAL HEALTH ADMINISTRATION
ALCOHOL AND DRUG ABUSE DIVISION

FUNCTIONAL STATEMENT

Under the general direction of the Deputy Director, Behavioral Health Administration, plans, directs and coordinates the substance abuse activities within the scope of Federal and State laws, rules, regulations and policies.

Plans, develops, coordinates and implements statewide plans and services relative to alcohol and drug abuse; certifies substance abuse counselors and program administrators; accredits substance abuse programs; and provides for education, prevention, diagnostic, treatment and consultative services.

Develops and maintains effective working relationships with other organizational entities, both public and private.

Prepares related operating and capital budgets, justifies budget before reviewing and approving authorities, and exercises control over funds appropriated.

Develops, coordinates and supports the implementation of innovative substance abuse services and programs.

Prepares grant applications and administers funds awarded to support substance abuse services, research and education.

Provides technical leadership in coordinating activities to provide uniform substance abuse prevention and treatment services throughout the State.

Represents the Department in providing information and making presentations before the Legislature and community groups, both public and private, related to substance abuse.

Directs the Department's legislative program and activities in the area of substance abuse, and provides for effective intra- and inter-departmental coordination.

Advises on the need for public health regulations relating to the substance abuse area; drafts rules and rule amendments and conducts public hearings; and develops policies and procedures relating to substance abuse.

Recommends to the Deputy Director, Behavioral Health Administration the establishment of and changes to organizational structure and programs and, after approval, directs their implementation.

CLERICAL SUPPORT SERVICES

Provides secretarial and clerical support to the Division Administration; and Administrative Management Services Office; Planning, Evaluation, Research and Data Office; and Quality Assurance and Improvement Office.

ADMINISTRATIVE MANAGEMENT SERVICES OFFICE (AMS)

Develops and monitors controls and procedures on fiscal operation, processing of contracts, and personnel actions in accordance with departmental, state and federal requirements.

Establishes and maintains a system to review and coordinate all fiscal, contractual, and personnel actions to assure conformance with the Division's authorized expenditure plan.

Develops and prepares the budget for the Division.

Develops and prepares the Division Program Planning and Budgeting System (PPBS) documents jointly with organizational segments of the Division.

STATE OF HAWAII
DEPARTMENT OF HEALTH
BEHAVIORAL HEALTH ADMINISTRATION
ALCOHOL AND DRUG ABUSE DIVISION

FUNCTIONAL STATEMENT

Establishes and maintains a system of charges for services based upon cost data, including billing, collections, write-offs, and controls of accounts receivable.

Verifies billings and makes payments to service providers.

Establishes and maintains a system for third party reimbursements.

Develops policies and procedures for the third-party reimbursements for services (Medicare, Medicaid, CHAMPUS, U.S. Department of Veterans Affairs, and private health insurance, such as HMSA, Aetna, etc.).

Plans, administers, monitors and maintains controls over the Division's expenditure plan.

Monitors, controls and assists organizational segments of the Division in meeting their staffing and fiscal requirements within the Division's authorized expenditure plan.

Maintains the Division's personnel records, including vacation and leave records, employee performance appraisals and other personnel related documents; oversees and coordinates the Division's recruitment and hiring practices and procedures to ensure that the Division is compliant with Departmental and State policies as well as other legal requirements; and processes the Division's worker's compensation, injury and disability cases.

Provides consultation and technical assistance on matters related to budgets, contracts, fiscal requirements, personnel actions, and logistic services to all organizational segments of the Division.

Provides consultation and technical assistance on matters relating to the procurement of services to ensure compliance with applicable State and federal laws, rules, regulations and guidelines.

Administers and monitors the management of the Division's contracts to assure budget accuracy, format correctness, and timely execution of documents.

Completes periodic monitoring of substance abuse contract agencies related to fiscal requirements.

Processes and tracks all Division contracts through the approval process, including coordination efforts with appropriate State agencies and contracted organizations.

Supports day-to-day Division operational requirements with respect to: office space, equipment, communications, supplies, intra- and inter-state travel, training, etc.

Oversees, manages and completes all required physical inventory efforts to account for all assets purchased and maintained by the Division or by service providers supported by Division resources that are required to be maintained on the Division's inventory list.

PLANNING, EVALUATION, RESEARCH AND DATA OFFICE (PERD)

Plans, coordinates, and conducts planning, evaluation, research and data collection and analysis to support the development of policies, programs, state plans and services related to substance abuse.

STATE OF HAWAII
DEPARTMENT OF HEALTH
BEHAVIORAL HEALTH ADMINISTRATION
ALCOHOL AND DRUG ABUSE DIVISION

FUNCTIONAL STATEMENT

Prepares and compiles program data, statistical analysis, and evaluation results for the Division for quality assurance and improvement purposes.

Conducts substance abuse prevention and treatment needs assessments in collaboration with community groups, public and private agencies, service providers, and consumers of service.

Plans and coordinates information data systems requirements with the Health Information Systems Office, federal agencies, contracted agencies, and service providers.

Provides training and technical assistance to service providers in entering data into the Division's designated information systems to assess the effectiveness of services and develop plans.

Provides technical assistance to organizational segments within the Division on data for planning and reporting purposes, assessing outcomes and the effectiveness of services and other evaluations.

Secures and administers public or private funds and grants to maintain, expand or improve substance abuse programs and services.

Collects and analyzes substance abuse program data for dissemination to programs, planners and other interested parties to assist in the development of various reports, submission of grant applications, and other research and evaluation efforts.

Responds to inquiries and requests related to plans and services that address substance abuse.

Provides data support and reporting to implement third-party reimbursements for services (Medicare, Medicaid, CHAMPUS, U.S. Department of Veterans Affairs, and private health insurance, such as HMSA, Aetna, etc.).

Identifies and updates changes necessary to maximize third party reimbursements.

Collects, analyzes, interprets and disseminates information on substance abuse issues at the national, state and community levels, including but not limited to data on trends, prevalence, and the need, demand and utilization of substance abuse prevention and treatment services.

Coordinates the Division's responses to Legislative proposals and requests as well as testimonies for measures scheduled for public hearing, and provides legislative coordination services for the Division.

Convenes a research committee that includes membership composed of interested public and private sector organizations to foster research, review existing plans, and to coordinate efforts.

Develops and maintains working relationships with statutorily mandated bodies, task forces, community groups, public and private agencies, and service providers to assist in the development and improvement of statewide substance abuse plans, programs and services.

Facilitates development and maintenance of comprehensive statewide plans for substance abuse prevention and treatment.

Fosters and conducts research and disseminates information on emerging trends to develop or improve policies, programs and services related to substance abuse.
