

Dogs in Outdoor Dining Areas

Effective Aug. 24, 2025, food establishments are permitted to allow dogs in outdoor dining areas only. Establishments do not have to allow pet dogs in their outdoor dining areas, but if you choose to do so, you must comply with the following requirements:

- **Provide signage** to inform customers that pet dogs are allowed in the outdoor dining area.
- **Provide a separate entrance.** Dogs may not go through the interior of the facility to get to the outdoor dining area.
- **Do not allow dogs in any area used** for food preparation or for storage of food, equipment, utensils and single-use items. Refilling customer beverages is allowed.
- **Dogs must be kept on a leash or stay in a carrier.**
- **Dogs must be kept off** tables, chairs, benches, or other furniture and fixtures.
- **Tableware & utensils cannot be provided for pet dogs.**
- Comply with laws relating to sidewalks, public nuisances and sanitation.

Follow ALL sanitation standards:

- **Immediately clean away any animal waste.**
- **Immediately clean and sanitize any surface** in contact with urine, feces and vomit.
Have cleaning supplies ready!
- **Employees must properly wash their hands** after cleaning up animal waste or whenever possibly contaminated, including accidental handling of a dog.
- **Employees are not allowed to touch any dog.**

Dogs are ONLY allowed in outdoor areas that have been designated for dining.
