HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
HAWAII DWS PRO-FI SFY 2019
HDWS-PF19
DEPARTMENT OF WATER SUPPLY
COUNTY OF HAWAII**

DOCKET NO. 19-SDWB-SRF-05

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Department of Water Supply, County of Hawaii, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200-8 of the Hawaii Administrative Rules, and 40 CFR §35.3140 for CWSRF projects, or 40 CFR §35.3580 for DWSRF projects.

Project Description:

Water system improvements on the Island of Oahu.

Sub-projects:

*Waikoloa Reservoir #1 Earthquake Repair
Waiaha Transmission Waterline Improvements
Piihonua #1 Deepwell C Repair
Hawi #2 Deepwell Repair
Hawaiian Ocean View Estates Deepwell Repair
Halaula Well Development Phase 2
Kahaluu Shaft Inclined Lift Replacement
Waiaha Source Development – Site Selection and Exploratory Phase
Puako Waterline Replacement
Parker #1 Deepwell Repair
Parker #2 Deepwell Repair
Waimea Deepwell Repair
Kaieie Mauka Facility Improvements
Milo Street Water System Improvements*

DOH has determined that the project is eligible for Exemption under Section 11-200-8(a), HAR, and because the sub-projects fall under the following list items, as reviewed and concurred upon by the Environmental Council on November 8, 2006:

Exemption Class 1: Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.

Exempt Item Number(s) with Description:

- 2. Facilities
 - b. Repair and maintenance of deep well and controls

Exemption Class 3: Construction and location of single, new, small facilities or structures and

the alteration and modification of the same and installation of new, small equipment and facilities and the alteration and modification of same, including, but not limited to:

- (A) Single-family residences less than 3,500 square feet not in conjunction with the building of two or more such units;
- (B) Multi-unit structures designed for not more than four dwelling units if not in conjunction with the building of two or more such structures;
- (C) Stores, offices, and restaurants designed for total occupant load of twenty persons or less per structure, if not in conjunction with the building of two or more such structures; and
- (D) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and, acquisition of utility easements.

Exempt Item Number(s) with Description:

- 2. Facilities (within existing property boundary, right-of-way, or easement)
 - a. Construction of new pipeline and appurtenances (water mains, service laterals, meters, hydrants, valves, manholes, gauges) for purposes of improving water quality or to meet current fire flow standards with no intention of providing additional capacity for increased development
 - b. Construction of new service laterals/connections
 - c. Construction of temporary emergency water production, transmission, and distribution facilities
 - d. Construction of temporary emergency access roads
 - e. Construction of new fire hydrants
 - f. Construction/installation of filtration and water treatment equipment
 - g. Construction/installation of telephone, telemetering, SCADA, electrical and computer equipment and wiring

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities.

The documentation to support this decision will be on file at the DOH, Environmental Management Division, in Pearl City, Hawaii, and is available for public review upon request.

This notice is hereby given on this 14th day of June 2019, by authorization of Bruce S. Anderson, Ph.D., Director of Health.

EXEMPT PROJECT DETERMINATION
FOR
HONOLULU BWS PRO-FI SFY 2019
HBWS-PF19
HONOLULU BOARD OF WATER SUPPLY
COUNTY OF HONOLULU**

DOCKET NO. 19-SDWB-SRF-04

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Honolulu Board of Water Supply, County of Honolulu, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200-8 of the Hawaii Administrative Rules, and 40 CFR §35.3140 for CWSRF projects, or 40 CFR §35.3580 for DWSRF projects.

Project Description:

Water system improvements on the Island of Oahu.

Sub-projects:

Kalihi Pump Station Renovation

Pump Renewal and Replacement Kaluanui Line Booster, Diamond Head Line

Booster, Kaonohi Booster I, Waihee Line Booster, Punaluu Wells II

Punanani Wells MCC Replacement

Kapiolani Boulevard: 12-Inch Water Main

Diamond Head Line Booster

DOH has determined that the project is eligible for Exemption under Section 11-200-8(a), HAR, and because the sub-projects fall under the following list items, as reviewed and concurred upon by the Environmental Council on July 23, 2009:

Exemption Class 1: Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.

Exempt Item Number(s) with Description:

1. Painting of structure exterior or interior.
2. Repair of Damages to structure exterior or interior caused by termites, dry rot, spalling, cracking, delaminating, etc.
9. Reroofing.
17. Repair and maintenance of access roads and pathways.
19. Repair and maintenance of water mains, meters, fire hydrants, fire standpipes, valves, manholes, stream gages, and monitor wells.
43. Temporary and permanent road patching for repair and maintenance of water facilities.

Exemption Class 2: Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced.

Exempt Item Number(s) with Description:

1. Replacement or reconstruction:
 - a. Drainage structures.
 - e. Driveways.
 - l. Booster pumps.
 - p. Chlorination and water treatment.
2. Replacement of:
 - a. Equipment, including electrical and water treatment.
 - f. Water well and booster pumps and appurtenances.
 - i. Chain link fencing and gates.
 - j. Telemetered circuits and communication systems.
3. Replacement of waterlines and appurtenances including concrete jackets within existing rights-of-way where no change in purpose is intended. Replacement may be size for size or may involve and increase in pipe diameter if existing waterline is inadequate to meet current Water system Standards and current zoning requirements.

Exemption Class 3: Construction and location of single, new small facilities or structures and the alteration and modification of same and installation of new small equipment and facilities and the alteration and modification of same including but not limited to: (a) single family residences less than 3,500 square feet, if not in conjunction with the building of two (2) or more such units; (b) multi-unit structures design for not more than four (4) dwelling units, if not in conjunction, with the building of two (2) or more such structures; (c) stores, offices and restaurants designed for total occupant load of twenty (20) persons or less, if not in conjunction with the building of two (2) or more such structures; (d) water, sewage, electrical, gas, telephone, and other essential public utility services extension to serve such structures or facilities; and (e) accessory or appurtenance structures including garages, carports, patios, swimming pools, and fences; and acquisition of utility easements.

Exempt Item Number(s) with Description:

3. Extension of existing waterlines to complete grid within existing rights-of-way easements.
14. Alterations to water well pumping equipment including installation of control valves, chlorination systems or alterations of pumps.

Exemption Class 4: Minor alterations in the condition of land, water or vegetation.

Exempt Item Number(s) with Description:

2. Tree trimming and removal of trimmings, grubbing and mowing of lawn area; planting of trees, other plants and sods, and pruning of trees and shrubs.
5. Landscaping and installation of irrigation systems.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities.

The documentation to support this decision will be on file at the DOH, Environmental Management Division, in Pearl City, Hawaii, and is available for public review upon request.

This notice is hereby given on this 3rd day of June 2019, by authorization of Bruce S. Anderson, Ph.D., Director of Health.

HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
KAELEKU TANK REPLACEMENT
P-DW243-0001
HANA WATER SYSTEMS, LLC
MAUI COUNTY**

DOCKET NO. 19-SDWB-SRF-02

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Hana Water Systems, LLC in Maui County, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200-8 of the Hawaii Administrative Rules, and 40 CFR §35.3140 for CWSRF projects, or 40 CFR §35.3580 for DWSRF projects.

Project Description:

Decommission old 50,000-gallon water tank and construct two replacement 50,000-gallons water tanks to protect public health and update aging infrastructure.

DOH has determined that this project is eligible for an Exemption under Section 11-200-8(a), HAR, class 2, replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density height, and dimensions as the structure replaced; and class 4, minor alterations in the conditions of land, water, or vegetation. Additionally, consultation with relevant agencies confirmed that the project will have no significant environmental impacts. Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities.

The documentation to support this decision will be on file at the DOH, Environmental Management Division, in Pearl City, Hawaii, and is available for public review upon request.

This notice is hereby given on this 12th day of April 2019, by authorization of Bruce S. Anderson, Ph.D., Director of Health.
