

**NOTICE OF OPPORTUNITY TO PROVIDE PUBLIC COMMENT
ON THE REVISED APPLICATION FOR INJECTION WELLS CONSTRUCTION AT
HU HONUA BIOENERGY, PEPE'EKEO, HAWAI'I
BY THE
HAWAI'I STATE DEPARTMENT OF HEALTH
UNDERGROUND INJECTION CONTROL**

**2019-SDW-UIC-004
June 21, 2019**

The Hawai'i Department of Health (DOH) has received from Hu Honua Bioenergy, LLC, a revised Underground Injection Control (UIC) application proposing to deepen to 800 feet the three (3) injection wells that DOH originally approved on June 14, 2018, for construction up to 400 feet. The revision proposes the use of a louvered casing within the open annular space of a 24-inch borehole from 120 feet below ground surface (bgs) down to 600 feet bgs followed by 200 feet of 24-inch open borehole to 800 feet bgs.

The DOH is taking comments on whether it should grant a modification of the approval-to-construct the injection wells to 800 feet as requested. Even if DOH were to grant such a modified approval to construct, operation of the wells would not be authorized until DOH also issues a permit to operate. The three (3) injection wells are located at:

Applicant:	Hu Honua Bioenergy, LLC
Address:	28-283 Sugar Mill Road Pepe'ekeo, Hawai'i 96783
Application No.:	UH-3051
Facility:	HU HONUA BIOENERGY, LLC
Location:	28-283 Sugar Mill Road Pepe'ekeo, Hawai'i 96783
TMK No.	3 rd Division, 2-8-08:104
Central Latitude:	19° 50' 36.03" N
Central Longitude:	155° 05' 11.15" W

The UIC application is available for review, Monday through Friday between 7:45 a.m. and 4:30 p.m., excluding holidays, at:

Safe Drinking Water Branch (SDWB)
UIC Program
Uluakupu Bldg. 4
2385 Waimano Home Road, Suite 110
Pearl City, Hawai'i 96782-1400

To request a copy of the revised application, please send an email to sdwb@doh.hawaii.gov , fax to (808)586-4351, postal mail to the SDWB address above, or call (808)586-4258.

DOH requests public comments regarding the proposed well deepening before acting on the application to approve the construction/modification of the three (3) injection wells. All comments must be transmitted in writing, no later than July 21, 2019, to Ms. Joanna L. Seto, P.E., of the SDWB at the email address or street address above.

BRUCE S. ANDERSON, Ph.D.
Director of Health
