

# Earth Day and Conservation Career Day

HawCC and University of Hawaii at Hilo

Norman Arancon and Devyn Hanselman

# What is Earth Day?

- **Earth Day** is an annual event celebrated around the world on April 22 to demonstrate support for environmental protection.
- First celebrated in 1970, it now includes events coordinated globally by the Earth Day Network in more than 193 countries.

# UH-Hilo and HawCC

- provides a non-commercial forum to focus on environmental education from federal, state, and local county agencies, nonprofit groups, and private organizations
- educational videos, informational exhibits and science demonstrations, expert guest speakers, a food sustainability panel, environmental science skill-building workshops, dance troupes, hula, storytellers, face-painting, campus garden tours, an environmental career fair, unmanned aerial vehicle flight simulators

# Conservation Career Day

- The event draws local scientists and agencies in the field of natural resource management
  - **Goal:** to inspire local students to become environmental stewards and to pursue careers in natural resource management.
  - **Target:** middle and high school students, with a specific focus on local employment opportunities.

# History of Earth Day

- 1988, UH Hilo

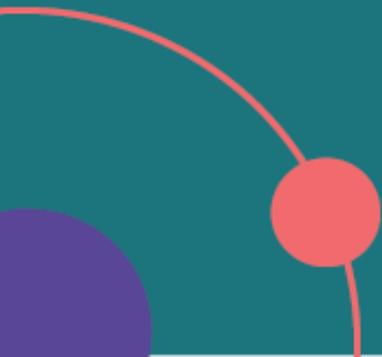

# Earth Day Activities

30th Annual Earth Day Fair  
&  
6th Annual Conservation Career Day

University of Hawaii at Hilo and Hawaii Community College

# Earth Day Resources

- [Earth day Fair homepage](#)
- How you can share:
  - Bring your science and cultural demonstrations, engaging activities and/or interesting field gear as part of your Earth Day exhibits and CCD presentations
  - More sharing formats: We have recently expanded formats of engagement for our presenting partners to consider. There are opportunities to provide special topic Talks or Panel Discussion Sessions, environmental science skill-building, and career exposure Workshops in addition to our traditional garden & greenhouse Tours, Earth Day Fair Exhibitor and Conservation Career Day Presenter tabling options.

# Presenter Guidelines:

- 1. All tabling presenters/exhibitors must be fully set up by 8:30 AM and should not breakdown their setup before 1:30 PM.
  - 2. No cooking or any sales are allowed without prior approval from the Earth Day Fair Committee.
  - 3. Cover/protect tables and chairs from paint, glue, etc., and clean them off when finished.
  - 4. Earth Fair is a ZERO WASTE event, so please kōkua in our effort to minimize paper/plastic handouts or other items that are not reusable or biodegradable.
  - 5. Do not distribute popcorn, balloons or other items that may create excess waste.
  - 6. Assist with cleaning up trash in your area when closing up your presentation/activity.
  - 7. Earth Day Fair is a child-friendly event, please ensure your presentations and activities are appropriate for all ages.
-
