

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
EMERGENCY WELL REPAIRS 1
HDWS-0001
DEPARTMENT OF WATER SUPPLY
COUNTY OF HAWAII**

DOCKET NO. 23-SDWB-SRF-05

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Department of Water Supply, County of Hawaii, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1 of the Hawaii Administrative Rules, and 40 CFR §35.3580 for DWSRF projects.

Project Description:

Emergency well repairs on the Island of Hawaii.

Water System No.	Water System Name	Well Name
102	Laupahoehoe	Laupahoehoe Well A
129	North Kohala	Hawi Well #1
131	North Kona	Kalaoa Well
131	North Kona	Palani Well
160	Lalamilo	Parker Well #2

DOH has determined that the project is eligible for Exemption under Section 11-200-8(a), HAR, and because the sub-projects fall under the following list items, as reviewed and concurred upon by the Environmental Council on November 8, 2006:

- Exemption Class 1: Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.
- 2. Facilities
 - b. Repair and maintenance of deep well and controls

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 13th day of January 2023, by authorization of Kenneth S. Fink, Director of Health.

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
NAPUU WATER SYSTEM IMPROVEMENTS
P-DW150-0002
NAPUU WATER INC. (NWI)
COUNTY OF HAWAII**

DOCKET NO. 23-SDWB-SRF-04

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for NWI, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200-8 of the Hawaii Administrative Rules (HAR) and 40 CFR §35.3580.

Project Description:

Water system improvements to address end of useful life, pressure concerns, and electrical upgrades. This includes installing a bypass line, isolation valve, PRV station, and well equipment and controls.

DOH has determined that the project is eligible for exemption under HAR 11-200-8(a) and the Comprehensive Exemption List for the Environmental Health Administration, DOH, accepted by the Environmental Council on March 12, 2003:

Exemption Class #2 – Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density height, and dimensions as the structure replaced.

1. Equipment

Exemption Class #3 – Construction and location of single, new, small facilities or structures and the alteration and modification of the same and installation of new, small, equipment and facilities and the alteration and modification of same, including, but not limited to:

(D) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and, acquisition of utility easements.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management

Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 12th day of January 2023, by authorization of Kenneth S. Fink, Director of Health.

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
FINAL ENVIRONMENTAL ASSESSMENT WITH FINDING OF NO SIGNIFICANT IMPACT
FOR
KALAHEO WATER SYSTEM IMPROVEMENTS
DW434-0012
COUNTY OF KAUAI**

DOCKET NO. 23-SDWB-SRF-03

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the County of Kauai, Department of Water Supply (KDOW), in accordance with the Hawaii State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1, of the Hawaii Administrative Rules, and 40 CFR §35.3580 for DWSRF projects.

The project includes the following water system improvements on the Island of Kauai.

Project Description:

Package A includes construction of a new 0.5-MG concrete reservoir with piping and appurtenances; Package B Includes construction of a new 0.1-MG concrete reservoir with piping and appurtenances; and Package C includes replacement of approximately 830 LF of 12", 7,197 LF of 8", 3,500 LF of 6", and 34 LF of 3" waterlines.

KDOW prepared and reaffirmed the Final Environmental Assessment (FEA) Determination of Finding of No Significant Impact (FONSI) for the Kalaheo Water System Improvements project dated July 11, 2012. Five (5) comments were received during the public comment period, held from April 8, 2012, to May 8, 2012, and were subsequently addressed.

Based on the information provided by the KDOW, the DOH concurs with the KDOW's recommendation and approves the FEA/FONSI for the Kalaheo Water System Improvement project DW434-0012. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 28th day of October 2022, by authorization of Elizabeth A. Char, M.D., Director of Health.

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
NORTH EASEMENT WATERLINE REPLACEMENT
P-DW167-0001
PEPEEKEO WATER ASSOCIATION, INC.
COUNTY OF HAWAII**

DOCKET NO. 23-SDWB-SRF-02

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Pepeekeo Water Association, Inc. (PWA), in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1, of the Hawaii Administrative Rules (HAR), and 40 CFR §35.3140 for CWSRF projects, or 40 CFR §35.3580 for DWSRF projects.

The project includes the following water system improvement project on the Island of Hawaii.

Project Description:

Realign a portion of the existing waterline into roadway easements and out of agricultural lots. This will improve ease of access for maintenance, repairs, and leak detection. The line will be replaced to 6-inch DI for about 4,500 LF.

DOH has determined that the project is eligible for an Exemption under Section 11-200.1-15(c), HAR, and the items listed below on the Comprehensive Exemption List of the Environmental Health Administration, Department of Health accepted by the Environmental Council on March 12, 2003.

Exemption Class # (1):

Operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.

2. Structure- Replacement and realignment of 6" ductile iron waterlines.

Exemption Class # (2):

Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced.

1. Equipment

Exemption Class # (3):

Construction and location of single, new, small facilities or structures and the alteration and modification of the same and installation of new, small, equipment and facilities and the alteration and modification of same, including, but not limited to:

Docket No. 23-SDWB-SRF-02
P-DW167-0001, NORTH EASEMENT WATERLINE REPLACEMENT

(D) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and, acquisition of utility easements.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:15 p.m. (HST) at the DOH, Environmental Management Division, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 22nd day of August 2022, by authorization of Elizabeth A. Char, M.D., Director of Health.

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
FINAL ENVIRONMENTAL ASSESSMENT WITH FINDING OF NO SIGNIFICANT IMPACT
AND EXEMPT PROJECTS DETERMINATION
FOR
HAWAII DWS PRO-FI SFY 2022
HDWS-PF22
DEPARTMENT OF WATER SUPPLY
COUNTY OF HAWAII**

DOCKET NO. 23-SDWB-SRF-01

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Department of Water Supply, County of Hawaii (HDWS), in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1, of the Hawaii Administrative Rules, and 40 CFR §35.3140 for CWSRF projects, or 40 CFR §35.3580 for DWSRF projects.

Project Description:

Water system improvements on the Island of Hawaii.

Final Environmental Assessment and Finding of No Significant Impact

Sub-project(s):

- *Hala'ula Production Well- (Job No. 2016-1045) Sub-project DW129-0004*

The County of Hawaii prepared a Final Environmental Assessment (FEA) Determination of a Finding of No Significant Impact (FONSI) on September 2018 for the Hala'ula Production Well. A public comment period was held from July 23, 2018 to August 22, 2018. Sixteen (16) comments were received and addressed.

Based on the information and recommendation provided by the County, the DOH concurs with the County's recommendation and approves the FEA/FONSI for the Hala'ula Production Well sub-project DW129-0004. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

Exemption

Sub-project(s):

- *Olaa No. 3 Deepwell Repair (Job No. 2018-1083)- Sub-project C-19-07*
- *Hawi #2 Deepwell Repair (Job No. 2018-1102)- Sub-project C-21-02*
- *Parker #1 Deepwell Repair (Job No. 2018-1085)- Sub-project C-21-03*
- *Waimea Deepwell Repair (Job No. 2019-1108)- Sub-project C-21-05*
- *Kula'imano Well A Repair (Job No. 2019-1104)- Sub-project C-21-11*

DOH has determined that the above sub-projects are eligible for Exemption under HAR, Section 11-200.1-15(c)(1). Additionally, the sub-projects fall under the following item on the HDWS Exemption List, as reviewed and concurred upon by the Environmental Council on November 8, 2006:

Exemption Class 1: Operations, repairs, or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.

2.b. (Facilities)- Repair and maintenance of deep well and controls

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:15 p.m. (HST) at the DOH, Environmental Management Division, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 22nd day of August 2022, by authorization of Elizabeth A. Char, M.D., Director of Health.
