

**PUBLIC NOTICE  
HAWAII DEPARTMENT OF HEALTH  
STATE REVOLVING FUND (SRF) LOAN PROGRAM  
EXEMPT PROJECT DETERMINATION  
FOR  
HAWAII DWS PRO-FI SFY 2024  
HDWS-PF24  
DEPARTMENT OF WATER SUPPLY  
COUNTY OF HAWAII**

**DOCKET NO. 25-SDWB-SRF-03**

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Department of Water Supply (DWS), County of Hawaii, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1-15 of the Hawaii Administrative Rules (HAR), and 40 CFR §35.3580.

Project Description:

*Water system improvements on the Island of Hawaii.*

*Sub-projects:*

- *Deepwell Repairs Islandwide – Hualalai*
- *Kahaluu Shaft Inclined Lift Replacement (C-19-06)*
- *Kahaluu Shaft Inclined Lift Replacement (C-19-06 D)*
- *Lalamilo Well A Repair (2019-1122)*
- *Lalamilo Well A Repair (2020-1158)*
- *Lalamilo Well B Repair*
- *Laupahoehoe Deepwell B Repair*

DOH has determined that the listed sub-projects are eligible for exemption under HAR 11-200.1-15(a) and (c). The sub-projects fall under one or more of the de minimis classifications and individually and cumulatively will have minimal or no significant effects.

The general types of actions in these sub-projects are considered exempt, per HAR 11-200.1-15(c)(2), "*Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced;*" and HAR 11-200.1-15(c)(4), "*Minor alterations in the conditions of land, water, or vegetation.*"

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or [DOH.SDWB@doh.hawaii.gov](mailto:DOH.SDWB@doh.hawaii.gov)) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on the 15<sup>th</sup> day of December 2023, by authorization of Kenneth S. Fink, Director of Health.

**PUBLIC NOTICE**  
**HAWAII DEPARTMENT OF HEALTH**  
**STATE REVOLVING FUND (SRF) LOAN PROGRAM**  
**EXEMPT PROJECT DETERMINATION**  
**FOR**  
**KAUA'I DOW PRO-FI SFY 2024**  
**KDOW-PF24**  
**BOARD OF WATER SUPPLY**  
**COUNTY OF KAUA'I**

**DOCKET NO. 25-SDWB-SRF-04**

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for Board of Water Supply, County of Kaua'i, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1-15, of the Hawaii Administrative Rules (HAR) and 40 CFR §35.3580.

Project Description:

*Water system improvements on the Island of Kaua'i.*

*Sub-projects:*

- *AMI Replacement Meters*
- *Stand-By Power Generator Replacement*

DOH has determined that the project is eligible for exemption under HAR 11-200.1-15 and the Agency Exemption List for the Board of Water Supply, County of Kaua'i, accepted by the Environmental Advisory Council on September 6, 2022:

General Type 2 – Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density height, and dimensions as the structure replaced.

Exemption Type 3 – Construction and location of single, new small facilities or structures and the alteration and modification of the facilities or structures and installation of new, small equipment or facilities and the alteration and modification of the equipment or facilities, including, but not limited to: (a) Single-family residences less than 3,500 square feet, as measured by the controlling law under which the proposed action is being considered, if not in conjunction with the building of two or more such units; (b) Multi-unit structures designed for not more than four dwelling units if not in conjunction with the building of two or more such structures; (c) Stores, offices, and restaurants designed for total occupant load of twenty individuals or fewer per structure, if not in conjunction with the building of two or more such structures; and (d) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and acquisition of utility easements.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or [DOH.SDWB@doh.hawaii.gov](mailto:DOH.SDWB@doh.hawaii.gov)) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on the 15th day of January 2024, by authorization of Kenneth S. Fink, Director of Health.

EXEMPT PROJECT DETERMINATION  
FOR  
HONOLULU BWS PRO-FI SFY 2024  
HBWS-PF24  
BOARD OF WATER SUPPLY  
CITY AND COUNTY OF HONOLULU**

**DOCKET NO. 25-SDWB-SRF-08**

The Hawai'i Department of Health (DOH) has conducted a review of the proposed project for Board of Water Supply, County of Honolulu, in accordance with Hawai'i's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1-15, of the Hawai'i Administrative Rules (HAR) and 40 CFR §35.3580.

**Project Description:**

*Water system improvements on the Island of Oahu.*

*Sub-projects:*

- *Kalihi Pump Station Low and High Service Renovation (AKA Kalihi Pump Station Renovation)*
- *Diamond Head Line Booster*
- *Halawa Wells and Booster No. 2*
- *Moanalua Wells: Replacement of Pump No. 1*
- *Pearl City Wells II Isolation Valves (aka Pearl City Wells II System Improvements)*
- *Punaluu Wells II Renovation*
- *Punanani Wells System Improvements (aka Punanani Wells MCC Replacement)*
- *Rehabilitation of Pipelines and Tunnels: Moanalua and Quarry Tunnels*

DOH has determined that the project is eligible for exemption under HAR 11-200.1-15 and the Agency Exemption List for the Board of Water, City and County of Honolulu, accepted by the Environmental Council on April 5, 2022:

Exemption Class #1 Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.  
15. Repair and maintenance of pipeline tunnels

Exemption Class #2 – Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density height, and dimensions as the structure replaced.  
1. Replacement or reconstruction: Booster pumps  
2. Replacement of Equipment; Water Wells and booster pumps and appurtenances

Exemption Class #3 – Construction and location of single, new, small facilities or structures and the alteration and modification of the same and installation of new, small, equipment and facilities and the alteration and modification of same, including, but not limited to: (d) water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; and (e) accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and, acquisition of utility easements.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or [DOH.SDWB@doh.hawaii.gov](mailto:DOH.SDWB@doh.hawaii.gov)) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.
