DIRECTORY OF DRINKING WATER LABORATORIES CERTIFIED OR APPROVED BY THE HAWAII DEPARTMENT OF HEALTH, STATE LABORATORIES DIVISION

If you are planning to have your drinking water tested, please follow these guidelines:

1. Always confirm the laboratory's current certification status with them *before* submitting any water samples.
2. Since few laboratories are certified to perform all required tests, ensure that the chosen lab only subcontracts samples to other laboratories that are also certified by the Hawaii Department of Health.
3. For any questions regarding laboratory certification status or specific drinking water tests, please contact the Safe Drinking Water Branch directly at (808) 586-4258.

NOTE: *The above listings are for informational purposes only. It does **not** imply that any laboratory on the list will perform analyses for any other party. Water systems or their authorized representative ("applicant") are responsible for contracting with any of the certified or approved laboratories, listed above, to perform all of the analyses required for a new source approval. It is also the "applicant's" responsibility to verify that the contracted laboratory or laboratories are currently certified when the analyses are performed.* ***Please note that the Department of Health does not perform analyses for prospective sources of drinking water.***
