HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION FOR
P-DW328-0001
HONOLULU BWS METERED CONNECTION TO LOT B
KIPAPA ACRES C.P.R.

DOCKET NO. 25-SDWB-SRF-17

The Hawai'i Department of Health (DOH) has conducted a review of the proposed project for Department of Water Supply, County of Maui, in accordance with Hawai'i's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1-15, of the Hawai'i Administrative Rules (HAR) and 40 CFR §35.3580.

Project Description:

Provide a metered connection from the Honolulu Board of Water Supply to Kipapa Acres CPR Lot B through the Koa Ridge development

DOH has determined that the project is eligible for exemption under HAR 11-200.1-15(c) (3) and (4).

(3) Construction and location of single, new, small facilities or structures and the alteration and modification of the facilities or structures and installation of new, small equipment or facilities and the alteration and modification of the equipment or facilities, including, but not limited to:

(D) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and, acquisition of utility easements;

(4) Minor alterations in the conditions of land, water, or vegetation;

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on the 15th of June 2025, by authorization of Kenneth S. Fink, Director of Health.

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION FOR
HBWS-PF25, HONOLULU BWS PRO-FI SFY 2025
BOARD OF WATER SUPPLY
COUNTY OF HONOLULU**

DOCKET NO. 25-SDWB-SRF-20

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for the Honolulu Board of Water Supply (HBWS), County of Honolulu, in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1 of the Hawaii Administrative Rules, and 40 CFR §35.3580 for DWSRF projects.

Project Descriptions:

- C-17-14 Kalihi Pump Station Low and High Service Renovation (AKA Kalihi Pump Station Renovation)*
- C-17-1 Diamond Head Line Booster*
- C-17-1 Halawa Wells and Booster No. 2*
- C-17-1 Moanalua Wells: Replacement of Pump No. 1*
- C-19-05 Makiki and Waiālae Iki 180 Res - AV Assemblies*
- C-19-10 Pearl City Wells I*
- C-19-11 Pearl City Wells II Isolation Valves (aka Pearl City Wells II System Improvements)*
- C-19-12 Rehabilitation of Pipelines and Tunnels: Fort Ruger & Keanu Tunnels*
- C-19-13 Punaluu Wells II Renovation*
- C-19-14 Punanani Wells System Improvements (aka Punanani Wells MCC Replacement)*
- C-20-12 Rehabilitation of Pipelines and Tunnels: Moanalua and Quarry Tunnels*

DOH has determined that the project is eligible for exemption under HAR 11-200.1-15 and the Agency Exemption List items listed below for the City and County of Honolulu Board of Water Supply, accepted by the Environmental Council on April 5, 2022:

Section 11-200.1-15(c), Hawaii Administrative Rules (HAR), Exemption Type 1) Operations, repairs or maintenance of existing structures, facilities, equipment, or topographical features, involving negligible or no expansion or change of use beyond that previously existing.

Part 1 – De Minimis Actions

(2) Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced;

1. Replacement or reconstruction:
 - g. Curbs and sidewalks

Part 2 – General types of actions for exemption

(2) Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced;

2. Replacement of waterlines and appurtenances including concrete jackets within existing rights-of-way where no change in purpose is intended.

Replacement may be size for size, or may involve an increase in pipe diameter if the existing waterline is inadequate to meet current Water System Standards and current zoning requirements

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 15th day of May 2025, by authorization of Kenneth S. Fink, Director of Health.

C-22-04 Laupahoehoe Deepwell B Repair (aka Laupahoehoe Well B Rehabilitation)
C-19-03-131-25-1264 Kahaluu B Motor Emergency Repair*

DOH has determined that the listed sub-projects are eligible for exemption under HAR 11-200.1-15(a) and (c). The sub-projects fall under one or more of the de minimis classifications and individually and cumulatively will have minimal or no significant effects. The general types of actions in these sub-projects are considered exempt, per HAR 11-200.1-15(c)(2), "*Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced;*" and HAR 11-200.1-15(c)(4), "*Minor alterations in the conditions of land, water, or vegetation.*"

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.SDWB@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782. The supporting documentation may also be mailed at no cost upon request.

Please notify anyone you know who would be interested in this matter.

This notice is hereby given on this 15th day of May 2025, by authorization of Kenneth S. Fink, Director of Health.

STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION FOR
KAUA'I DOW PRO-FI SFY 2025
KDOW-PF25
DEPARTMENT OF WATER SUPPLY
COUNTY OF KAUA'I**

DOCKET NO. 25-SDWB-SRF-11

The Hawaii Department of Health (DOH) has conducted a review of the proposed project for County of Kauai, Department of Water Supply (KDOW), in accordance with Hawaii's State Environmental Review Process, Chapter 343 of the Hawaii Revised Statutes, Section 11-200.1-15 of the Hawaii Administrative Rules (HAR), and 40 CFR §35.3580.

Project Description:

Water system improvements to the Island of Kaua'i.

Sub-projects:

- *AMI Meters*
- *Stand-By Trailer-Mounted Power Generator Replacement*

DOH has determined that the project is eligible for exemption under HAR 11-200.1-15 and the Agency Exemption List items detailed below for County of Kauai, Department of Water Supply accepted by the Environmental Advisory Council on September 6, 2022:

General Type 2

Replacement or reconstruction of existing structures and facilities where the new structure will be located generally on the same site and will have substantially the same purpose, capacity, density, height, and dimensions as the structure replaced.

A. B. Facilities

Part 2: Exemption Notice

1. Replacement or reconstruction of pipeline and appurtenances (water mains, service laterals, meters, hydrants, valves, manholes, gauges) of equal size or to meet current demands, Water System Standards, fire flow standards and other operational requirements with no intention of providing additional flow for increased development.

Exemption Type 3

Construction and location of single, new small facilities or structures and the alteration and modification of the facilities or structures and installation of new, small equipment or facilities and the alteration and modification of the equipment or facilities, including, but not limited to: (a) ... (d) Water, sewage, electrical, gas, telephone, and other essential public utility services extensions to serve such structures or facilities; accessory or appurtenant structures including garages, carports, patios, swimming pools, and fences; and acquisition of utility easements.

B. Facilities

Part 1: De Minimis:

4. Installation/modification of equipment in existing buildings, such as emergency electrical generators in existing water pump stations.

Accordingly, the project is exempt from further substantive environmental review requirements under the above stated authorities. However, this decision may be reconsidered if a discovery of new information concerning potential environmental impacts of the project occurs.

The documentation to support this decision will be on file and available for public review upon request (via 808-586-4258 or DOH.DWSRF@doh.hawaii.gov) Monday through Friday (excluding holidays) from 7:45 a.m. until 4:30 p.m. (HST) at the DOH, Environmental Management Division, Safe Drinking Water Branch, at 2385 Waimano Home Road, Suite 110, Uluakupu Bldg. 4, Pearl City, Hawaii 96782.
