Dear Ms. Lundstrom:

The State Health Planning and Development Agency has evaluated your application for Certificate of Need ("Cert.") #04-05A for the establishment of a 6 bed Special Treatment Facility at 75-187 Alakai St., Kailua-Kona, HI at capital cost of \$330,000.

As provided under Section 11-186-99.1 of the Hawaii Administrative Rules (HAR), the Agency has determined that:

1. This proposal is eligible for administrative review as it meets the criterion in Section 11-186-99.1(b)(6), i.e.: "any proposal which is determined by the agency not to have a significant impact on the health care system."
2. The Agency has determined that the applicant has proven by a preponderance of evidence that its proposal meets the Cert. criteria in Section 11-186-15, HAR:
 - a. The applicant states that its proposal will positively impact the behavioral health process measures in Chapter XI of H2P2: BHP-1 (comprehensive spectrum of care), BHP-2 (continuity of care), and BHP-3 (accessibility of services) as well as the behavioral health outcome measures: BHO-5 (incidence/prevalence of mental illness), BHO-6 (consumer satisfaction), BHO-7 (relapse/recidivism), and BHO-8 (positive involvement after treatment program).
 - b. The applicant states that "The target population for this project are adults, 18 years or older, who have mental illness and are in need of crisis residential services."
 - c. The applicant states that the Adult Mental Health Division (AMHD) 2001 Service Development Implementation Plan reports that approximately 15% of mental health consumers (2400 consumers statewide) are in need of crisis and intensive services.
 - d. The applicant states that extrapolating these figures to the West Hawaii population, approximately 120 to 165 consumers during the year might be expected to utilize the proposed services.

- e. The applicant states that "There are no providers of this service at this time in the Kona area."
- f. The applicant states that its services "...will be accessible to all residents of West Hawaii, including all underserved populations."
- g. The applicant states that the proposed services will improve the quality of care by: providing medication management/monitoring by psychiatric nurses under the direction of a psychiatrist 24 hours per day, 7 days a week, providing on-going quality assurance monitoring, maintaining appropriate staff to consumer ratios, maintaining a qualified staff consisting of clinical and bachelor level behavioral health specialists, including full-time, on-site Registered Nurses as well as a psychiatrist available on-call 24/7.
- h. The applicant states that it will be seeking licensure as a Special Treatment Facility for the proposed services with the Office of Health Care Assurance.
- i. The applicant states that the project will reduce health care costs by providing less expensive alternatives to emergency room visits and acute hospitalization. The applicant projects that cost savings per bed day is \$400-\$700 for Crisis Residential services.
- j. The applicant projects total revenues and total costs to be \$624,515 in year one of the proposal and \$685,610 in year three.
- k. The applicant states that its proposed services will "...provide options for those consumers who do not meet the criteria for hospitalization but would not be appropriate for unmonitored community housing."

There is no compelling public interest which will be served by requiring the application to go through the standard review process.

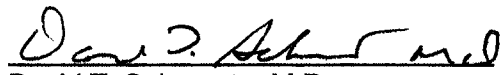

As required under Section 323D-43(b), Hawaii Revised Statutes (HRS), the Agency finds that:

1. There is a public need for this proposal.
2. The cost of the service will not be unreasonable in light of the benefits it will provide and its impact on health care costs.

Accordingly, the State Health Planning and Development Agency hereby APPROVES and ISSUES a Certificate of Need to Mental Health Kokua for the proposal described in Cert. #04-05A. The maximum capital expenditure allowed under this approval is \$330,000.

Please be advised that pursuant to Section 323D-47, HRS and Section 11-186-99.1(g) HAR, any person may, for good cause shown, request in writing a public hearing for reconsideration of the Agency's decision within ten working days from the date of this decision. Accordingly, if no person makes such a timely request for reconsideration, this decision shall become final immediately after the deadline for making such a request has expired.
