ADMINISTRATOR'S REPORT May 2014

Subarea Health Planning Councils (SACs) Activities

- Kauai** The Kauai County Subarea Health Planning Council met on April 14, 2014. Mr. Bill Arakaki, Kauai Complex Superintendent, Hawaii Department of Education (DOE), delivered a presentation on the *Kauai Community Health Improvement Planning Process: Workgroup on Education and Lifelong Learning*. Mr. Arakaki briefed members on the work group's activities including the development of core values, vision and issue statements; identification of strategies; and production of logic models focused around: 1) improving high school graduation rates and 2) enforcing the DOE wellness policy. He reviewed the college enrollment numbers and rates; and the wellness policy implementation activities occurring across the Island. Mr. Arakaki also spoke to the values of bringing everyone to the table, the collaborative nature of the planning process, and the partners' alignment in addressing the upstream issues to improve health outcomes.
- Honolulu** The Honolulu Subarea Health Planning Council met on April 3, 2014. Members continued their discussion on the early detection and diagnosis of the Alzheimer's disease public awareness project. The next meeting is May 1, 2014.
- West Oahu and
Windward Oahu** There was no meeting held in April.
- Tri-Isle** Members met on April 11, at the University of Hawaii-Maui College. Members heard from guest presenters Anne Scharnhorst, Nancy Johnson, and Nigel Keep of the University of Hawai'i Maui College, Allied Health Department, who offered a presentation entitled "Developing the Future Nursing Workforce and Nursing Informatics". Professor Nancy Johnson provided an overview of the context -- the *determinants of need for health care workers*. Ms. Johnson briefed members on the anticipated workforce needs, areas of disparity for race and ethnicity groups, a logic model that showed requirements for programs serving older adults, emerging occupations to keep people healthier, and the University's new curriculum to meet future workforce needs. Assistant Professor Anne

Scharnhorst informed members of a Robert Wood Johnson grant for academic progression in nursing. This is to have nurses prepare to their highest level of participation. The college is in partnership with the service delivery communities to have a *prepared and ready* workforce. Mr. Nigel Keep demonstrated the application of technology in simulated electronic health records practice. The technology is incorporated into the curriculum.

Hawaii The April 29, 2014 meeting was cancelled. Next meeting is on May 27, 2014.
