Aloha:

The State Health Planning and Development Agency (SHPDA) is pleased to present its 2013 State of Hawaii Health Care Utilization Report.

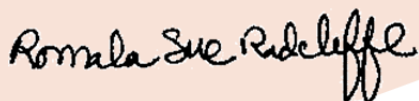

The data included in this annual report may be useful for prospective SHPDA certificate of need applicants, health care market analysts, economists, and students who are researching Hawaii's health care trends, costs, and utilization rates.

SHPDA appreciates the efforts of all the health care providers who submitted their annual utilization data. It is only through their cooperation that SHPDA is able to provide this document.

SHPDA thanks Phoebe Hwang, MS, and Ann Pobutsky, PhD, who worked on the earlier versions of the 2013 utilization report. The cover design is by Samuel Valeriano, D.Arch. Finally, SHPDA is grateful to Dr. Sarah Yuan of the University of Hawaii's Center on the Family for her technical review and support of this report.

SHPDA welcomes your comments and suggestions for improvements of the report.
