c) Quality of Service/Care

The facility will continue to comply with applicable federal and state statutes and regulations governing the delivery of care, maintenance of service equipment and the clinical environment. The acquisitions of assets will not affect the existing quality of care and service delivered by HPI. HPHPI will maintain quality assurance policies to ensure quality of care and patient safety.

d) Cost and Finances (include revenue/cost projections for the first and third year of operation)

The proposed acquisition is expected to remain profitable from Year 1 of acquisition. See attached statement of financial projections Year 1 to Year 3. [See Attachment E]. The application will not affect the project's relationship to cost and finances criteria.
