### Research and Statistics

As of September 30, 2021, the response rate for SHPDA's annual health care utilization survey for calendar year 2020 was at 96.2%. The research statistician is working to finalize the 2020 Health Care Utilization Report. Several health care providers had yet to submit their 2020 utilization surveys. Efforts were made to contact those health care providers regarding their surveys via emails and/or phone calls.
