

## Administrator's Message

December 2020

The State Health Planning & Development Agency (SHPDA) is pleased to present this 2019 edition of the Hawaii Health Care Utilization Report.

The report contains data on health care utilization from public and private health care facilities in Hawaii. It addresses one of SHPDA's functions which is to collect credible and up-to-date data on the usage of health care services - data that is essential for planning new health care infrastructure in the State of Hawaii.

It is our hope that this report can assist decision makers in the health care industry and in government with their plans to continue to provide access to quality health care services for Hawaii's people.

SHPDA would like to thank Hawaii's health care facilities and their staff for providing this vital health care utilization data in support of the Agency's functions.

Comments and suggestions for the improvement of this report are most welcome.

Aloha kakou.
