State of Hawaii Department of Health State Laboratories Division

APPROVED AGENCIES FOR EVALUATION OF FOREIGN CREDENTIALS

In order to determine that your education is equivalent to a U.S. college or university education, the State of Hawaii Department of Health State Laboratories Division requires an evaluation of your credentials by an acceptable agency. All non-U.S. transcripts must be evaluated by "Current Members" of the <u>National Association of Credential Evaluation Services (NACES)</u> or "Endorsed Members" of the <u>Association of International Credential Evaluators, Inc. (AICE)</u>. Please have the evaluation service send an evaluation of your educational institution and academic courses (course by course evaluation) directly to State Laboratories Division. An official transcript from the college/ university is required in addition to the evaluation.

Please refer to the following websites for more information on approved agencies:

- https://www.naces.org/members
- https://aice-eval.org/endorsed-members/

If you are an applicant whose education is from a non-U.S. college or university, please make sure that your name is printed in English on all your transcripts and supporting documents and that it matches your name on the application.
