

Hawai'i TB Case Deaths, 2016–2025

Note: The **bolded number** at the top of each stacked bar represent the total # of deaths among TB cases in Hawai'i for the specified year. Of those deaths, *TB-Related Deaths* (in Red) indicate deaths among TB cases in which TB was determined to be the cause of death, while *Deaths not caused by TB* (in Blue) indicate deaths among TB cases in which TB was NOT the cause of death.
