**FTAC Duties:**

**[§342L-62] Duties.** (a) The advisory committee shall study issues related to leaks of field-constructed underground fuel storage tanks at the Red Hill Bulk Fuel Storage Facility, Kuaeha Peninsula, Pacific Missile Range Facility Barking Sands, Hickam Pol Annex, and Schofield Barracks Military Reservation. The advisory committee shall consider:

- (1) The short- and long-term effects of leaks of the fuel tanks, including effects relating to the health of residents, safe drinking water, and the environment;
- (2) Response strategies to mitigate the effects of leaks from fuel tanks;
- (3) Methods to improve communication between the United States Navy, Air Force, and Army; the State; any local board of water supply; and the public in the event of a leak of any fuel tank;
- (4) Groundwater test results in relation to the surrounding areas of fuel tank facilities, with a particular emphasis on the groundwater near the Red Hill Bulk Fuel Storage Facility;
- (5) The implications of shutting down any fuel tank facility; and
- (6) Updates on progress toward meeting goals of agreement between the State, the affected county, and the federal government.

(b) No later than twenty days before the convening of each regular session, the advisory committee shall submit a report of its findings, including groundwater test results, and recommendations, including any proposed legislation, to the legislature. [L 2016, c 244, pt of §2]

**Hybrid Meetings:**

**[§92-3.5] In-person meeting at multiple sites by interactive conference technology; notice; quorum.** (c) A meeting held by interactive conference technology under this section shall be automatically recessed for up to thirty minutes to restore communication when audio communication cannot be maintained with all locations where the meeting by interactive technology is being held, even if a quorum of the board is physically present in one location. The meeting may reconvene when either audio or audiovisual communication is restored. Within fifteen minutes after audio-only communication is established, copies of nonconfidential visual aids that are required by or brought to the meeting by board members or as part of a scheduled presentation shall be made available either by posting on the Internet or by other means to all meeting participants, and those agenda items for which visual aids are not available for all participants at all meeting locations shall not be acted upon at the meeting. If it is not possible to reconvene the meeting as provided in this subsection within thirty minutes after an interruption to communication, and the board has not provided reasonable notice to the public as to how the meeting will be continued at an alternative date and time, then the meeting shall be automatically terminated.
