

**PUBLIC NOTICE
HAWAII DEPARTMENT OF HEALTH
STATE REVOLVING FUND (SRF) LOAN PROGRAM
EXEMPT PROJECT DETERMINATION
FOR
Kihei No. 7 Force Main Replacement
C150077-32
COUNTY OF MAUI
DOCKET NO. 22-WW-SRF-02**

The Hawai'i Department of Health (DOH) has conducted a review of the proposed project for the County of Maui in accordance with Hawai'i's State Environmental Review Process, Chapter 343 of the Hawai'i Revised Statutes, Chapter 11-200 of the Hawai'i Administrative Rules, and 40 CFR §35.3140 (for CWSRF projects).

Project Description:

The project consists of replacing the existing 20-inch ductile iron force main with a new 20-inch PVC force main that will be constructed in parallel along the same corridor. The new 20-inch force main extends approximately 1,550 linear feet along South Kihei Road, from the Kihei No. 7 Pump Station near Kamaole Beach Park No. 1, and reconnects to the existing sewer system near Kaiau Place. The entirety of the project is within the South Kihei Road paved roadway except for a small portion which is contained within the Kihei No. 7 Pump Station site.

DOH has determined that this project is eligible for an Exemption because this project involves repairs or maintenance of existing structures, facilities, and equipment involving no expansion, change, or use beyond that previously existing; construction or replacement of minor structures accessory to existing facilities; demolition of structures within the footprint of the existing facility, except those structures located on any historic site as designated in the national register or Hawai'i register as provided for in the National Historic Preservation Act of 1966, Public Law 89-665, 16 U.S.C. Section 470, as amended, or chapter 6E, HRS. Accordingly, the project is exempt from further substantive environmental review requirements under the above-stated authorities.

The documentation to support this decision will be on file at the DOH, Environmental Management Division, in Pearl City, Hawai'i, and is available for public review upon request.

This notice is hereby given on this 16th day of December, 2022, by authorization of Elizabeth A. Char, M.D., Director of Health.
