---------	------	--------	--------	------

1. Plant Employment: List only your treatment plant operations experience. Each plant worked at must be listed separately. For each plant, list both the start and end dates and the Total Number of Hours worked excluding sick leave and vacation. Note: Experience as a plant worker, sewer maintenance crewmember, chemist, lab technician, plant engineer, or pumping station operator does not qualify as operator work experience to take the certification examination(s). One-year of full-time employment in the actual operation of a wastewater treatment plant shall be attained over a period of no less than 12 months and be at least 1,632 hours (no more than one year of work experience may be accumulated within a 12 consecutive month period). Work experience will only be credited up to exam application deadline date.
