WIC CHECK DATES-OF-USE

Now that WIC has implemented the new MIS system, we are discovering errors with cash-registers programmed to only accept checks 30-days after first-date-to-use.

Now **the range of effective use days fluctuate depending on whether or not a 30 or 31 day month is in the calculation.** The date range fluctuates from 31 to 32 days. Example: the month of December has **32 days of use** (this is a 31 day month).
