

SELF-CHECKOUT IS HERE!

WIC participants can now use self-checkout (SCO) at select Safeway stores.

WHO CAN USE IT?

All WIC participants with an eWIC card can use the SCO lanes to make a WIC purchase.

Some suggestions to ensure a successful purchase at SCO are:

- Customers who already use SCO and are successfully completing eWIC purchases are good candidates to try SCO with their eWIC card.
- Smaller and simpler purchases are best. Fresh fruit/veg that need to be weighed might take longer at the SCO than at the regular checkout.
- Use the WICShopper app to ensure that foods are both in your benefit package and are WIC allowed prior to checkout.

HOW DOES IT WORK?

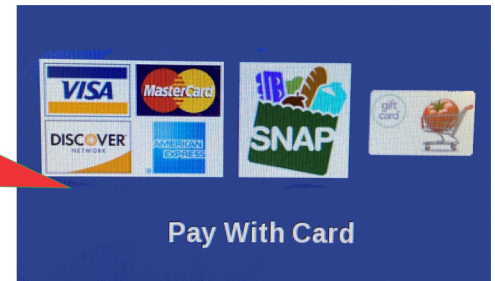

Follow the instructions on screen.

1. Swipe club card (if applicable).
2. Scan all your items (WIC and non-WIC) and tap "Finish & Pay".

FOR SAFEWAY: Tap "Pay With Card", then swipe your eWIC card and enter PIN number.

(REMEMBER TO USE YOUR eWIC CARD BEFORE USING OTHER FORMS OF PAYMENT)

3. A midpoint receipt will print out. You will be prompted to approve your transaction at the pin pad.
4. Select "Yes" and your transaction is complete! If you have non-WIC items, you will be prompted to pay remaining balance. Don't forget to take all your receipts.

MORE SCO LOCATIONS TO COME!
