

If you cannot find the 12.4 oz Similac Advance at the store, WIC is temporarily allowing larger containers until April 30, 2023. See the list below. For more information and updates to buying formula with your eWIC benefits, go to [https://health.hawaii.gov/wic/formula\\_recall](https://health.hawaii.gov/wic/formula_recall).

For each can of these formulas that you buy, it will remove more than 1 can of Similac Advance from your benefits.
